VIDEO	Primarily a training video for the Scafftag® system for scaffolding but also serves to outline and demonstrate other products in the Scafftag® /// Safetrak® range	£	16.54
-------	--	---	-------

PAYMENT & OTHER LEGAL TERMS

Payments can be made by most major credit cards, cheques or Bacs.

The **minimum order** for standard inserts only is 50 off.

Carriage and packing, minimum charge £7.00 per carton (approximate weight 25 kg).

Long Term Supply Agreement: This means that Scafftag® manufacture your stock ready for you to use over the foreseeable future. It is held ready for you to call off as and when required. Delivery time is cut significantly (e.g. 2 – 3 days, as opposed to a number of weeks). There is also cost reduction as the set-up costs normally incurred for smaller batches of items are reduced or in some cases eliminated.

This agreement is also an ideal solution for multi-site companies. Different sites can call off the quantities they require and enjoy the benefits of reduced set-up costs. One central order covers off all the sites' needs for the product in question. You can also be safe in the knowledge that all of your depots are using the same product, guaranteeing company-wide standardisation.

Payment terms are strictly thirty days from date of invoice. All prices are subject to V.A.T. at the standard rate. Standard conditions of sale are available on request. Our range of systems are often customised for specific applications and can include such details as logo's and company names. The prices for customised products are based on volume and design specification, for a quote based on your specific requirements please contact the sales office.

Please note: the minimum order volume for customised inserts is 100 off per order. Sequential numbering can now be laser etched onto holders and inserts. Please contact us for further details. Also available are bar-coded and metal detector identifiable tags. Please ask for more information.

DISCLAIMER

The Scafftag® Group of Companies makes no express or implied warranties concerning these signs, including merchantability, fitness for a particular purpose, durability or useful life and limits its obligations under this warranty to replacement of the product shown to Scafftag satisfaction to have been defective at the time it was sold.
